

JASON CROSS

Profile

A certified and accomplished UX Designer with demonstrated success designing and implementing both lo/high-fidelity user-focused designs and prototypes that improve user experience.

Experience

Golf Channel

Senior UX Designer (Sept 2015 – Present)

- UX Designer for Golf Channel working the GolfNow responsive web and mobile products.
- Taking user research and conversion stats and developing rich user experiences based on gathered data
- Design System Library / Style Guide creation and design documentation
- Providing hi-fi prototypes to executive stakeholders and product managers
- Work closely with Product Owners, Marketing and Developers to provide asset delivery and participating in daily stand-ups and bi-weekly SCRUM meetings
- Maintaining discussions with internal teams throughout the iterative design process by means of bi-weekly design reviews.
- Leading bi-weekly design meetings with fellow designers on our team to mentor and critique the products they currently are working on, discuss any creative blocks as well as discussing design process and new features in software we use or have found that may benefit us.

NCR / Aquent

Senior UX Designer (Apr 2014 – Sept 2015)

- UX Designer for NCR, working on internal and external consulting projects.
- Taking lo-fi wireframes and developing hi-fidelity mocks
- Style Guide / Redline creation and design documentation
- Providing HTML5 Rapid Prototypes and Click Through Prototype delivery to external clients for user testing
- Work closely with UXAs, Client Project Managers and Developers to provide asset delivery and participating in weekly SCRUM meetings

- Maintaining weekly discussions with internal and external clients throughout the design process remotely and in-person.

Citi / Accenture
